

Quick Tips for a Great Shadow Day!

Ask lots of questions!

Your shadow host is here for you to pick his/her brain. Think up some questions ahead of time. Write them down. (Just in case!) Challenge yourself to learn more about SJE than your parents know!

Be comfortable!

We want you to envision yourself here, Be sure to introduce yourself to the boy sitting next to you in class or chat with some girls during lunch. You never know—you may be meeting your next best friend!

Have a blast!

Enjoy your time here. Enjoy your classmates. Picture yourself as part of our community.

Get to know your shadow host!

You were paired for a reason. You probably have many things in common, so ask questions and get to know him/her and his/her friends. That'll mean more familiar faces in the halls next September!

It's okay if you don't understand everything!

Remember, teachers have the flexibility of how and when to present material. We may be presenting something you'll get next month but try to listen and participate.
